# **“HOT” PARADE IN THORACIC SURGERY**

## 2nd HYBRID WORKSHOP

**CHAIRS**

**STEFANO ELIA**

**EUGENIO POMPEO**

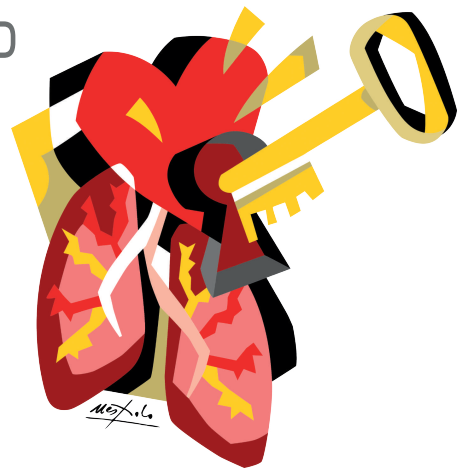

**VINCENZO AMBROGI**

**VILLA MONDRAGONE**

**TOR VERGATA UNIVERSITY CONGRESS CENTER**

**MONTE PORZIO CATONE**

**ROME, ITALY**

## **WELCOME ADDRESS – WE'RE BACK!**

We are happy and honored to invite you to take part in the 2nd hybrid Workshop "Hot Parade in Thoracic Surgery" that will be held in Rome next October 20, 2023.

After the success of our first meeting, we were motivated to replicate it with the aim of making the point on some of the most intriguing issues that involve directly or indirectly thoracic surgeons. As in last year edition, the event will be both in presence and in streaming and will have a parterre de célébrités to provide us the expert opinions and animate discussions.

We kept the logo created for us by one the finest contemporary Italian painter/designer, the maestro Ugo Nespolo, which has become a distinctive emblem of this event. This time we chose a fascinating venue, the Tor Vergata University Congress Center in Villa Mondragone, an impressive manor house located in the Castelli Romani area, where you can breathe both history and culture across the centuries. We are also very proud that among the well-known invited experts in the field, the President of the European Society of Thoracic Surgeons accepted our invitation to give her contribution.

We look forward to welcoming all of you and wish you a fruitful scientific update.

**STEFANO ELIA**

**EUGENIO POMPEO**

**VINCENZO AMBROGI**

# "HOT" PARADE IN THORACIC SURGERY 2nd HYBRID WORKSHOP

8:30

## **Welcome to participants**

*Prof. O. Schillaci, Italian Ministry of Health (Rome, I)*

*Prof. N. Levialedi Ghiron, Rector, Tor Vergata University (Rome, I)*

*Prof. L. Brunese, Rector, University of Molise (Campobasso, I)*

*Dr. G. Quintavalle, Director, Tor Vergata Hospital (Rome, I)*

*Prof. S. Marini, Dean, Medical School, Tor Vergata University (Rome, I)*

*Prof. G. Villone, Dean, Medical School, University of Molise (Campobasso, I)*

9:15

**Lectio Magistralis:** Aspects of quality and new perspectives in lung cancer care across Europe *J. Chorostowska-Wynimko (Warsaw, PL)*

9:35

## **Session 1 - The kaleidoscope of lung cancer surgical care**

*Chairs: S. Elia (Campobasso, I),*

*J. Chorostowska-Wynimko (Warsaw, PL), M. Lucchi (Pisa, I)*

9:35

- To spare or no to spare? The era of precision surgery in early stage lung cancer *N. Novoa (Salamanca, ES)*

9:50

- Prognostic scores in lung cancer surgery. An AI approach

*A. Patirelis (Rome, I) - A. Santone (Campobasso, I)*

10:15

- Bioethics in lung cancer surgery: some suggestions

*G. Villone (Campobasso, I)*

10:30

- Patient-reported outcomes after lung cancer surgery

*C. Pompili (Leeds, UK)*

10:45

*Discussion*

11:00

*Coffee Break*

11:30

**Lectio Magistralis:** The civilisation of machines: from Homer to artificial intelligence *L. Perilli (Rome, I)*

*mesolo*

**11:50**      **Session 2 - Minimally invasive thymectomy: which surgical approach?**

Chairs: *E. Pompeo (Rome, I), A. Abdellateef (Mansoura, EG), M. Peer (Tel Aviv, IL)*

**11:50**      - Robotic thymectomy: a new standard of care?

*M. Peer (Tel Aviv, IL)*

**12:05**      - Ergonomic assessment of robotic versus thoracoscopic thymectomy *R. Tajè (Rome, I)*

**12:20**      - Management of major vascular complications during thoracoscopic thymectomy *A. Abdellateef (Mansoura, EG)*

**12:35**      - Spontaneous ventilation thoracoscopic thymectomy: is it worth the trouble? *F. Carlea (Rome, I)*

**12:50**      *Discussion*

**13:00**      *Light Lunch*

**14:00**      **Lectio Magistralis:** Guidelines for enhanced recovery after lung surgery *M. Gonzalez (Lausanne, CH)*

**14:20**      **Session 3 - Economic issues in thoracic surgery**

Chairs: *V. Ambrogi (Rome, I), F. Facciolo (Rome, I), E. Meacci (Rome, I)*

**14:20**      - How to reduce costs in thoracic surgery? A French experience *I. Onorati (Paris, F)*

**14:35**      - One-day thoracic surgery in UK *A.P. Tamburrini (Southampton, UK)*

**14:50**      - Early discharge and telemedicine after lung cancer surgery *E. Bottoni (Milan, I)*

**15:05**      - When RATS becomes cost-effective *E. Meacci (Rome, I)*

**15:20**      - Uni Vs Multiportal VATS economic comparison *F. Tacconi (Rome, I)*

**15:35**      - Nursing care in thoracic surgery patients *R. Gattellaro (Rome, I)*

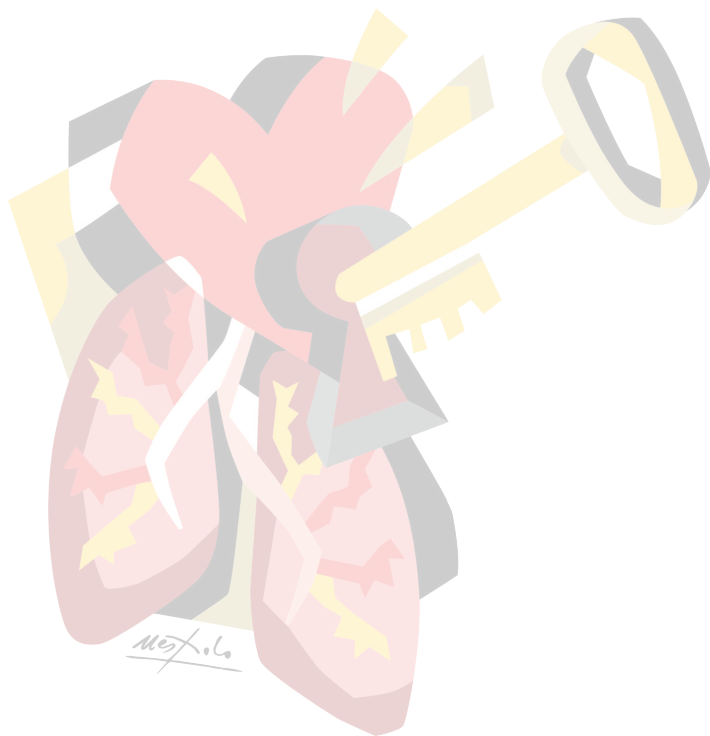

**15:50**      *Take home message and closing remarks*

Educazione Continua in Medicina

---

**Registration:**

The course is open to a limited number of participants. After the end of the congress it will be possible to download the certificate of attendance in your personal area on the website [www.cecongressi.it](http://www.cecongressi.it)

**ECM Event° 392935**

Educational objectives, guidelines, protocols, procedures  
The course grants 7 CME credits.

**The course is accredited for the following health care activities:**

Respiratory Diseases; Oncology; Radiotherapy; General Surgery;  
Thoracic Surgery; Anesthesiology; Clinical Biochemistry;  
Radiology; Nursing; Physiotherapist
